

How to rename widgets

- In the corresponding room, open the info bar and select “Room settings”:

- In the pop-up window, go to “Advanced” – “Developer options” and click on “Open Devtools”. Click on “Active Widgets”

- Select the widget you want to customize:

Developer Tools

Active WidgetsRoom ID: !EqUovBzgpLcNlsVKny:matrix.virtual.software.bz.it

Filter results

<https://scalar.vector.im/api/widgets/generic.html?url=https%3A%2F%2Fapp.sfscon.it%2Fuser%2Fschedule>

Back

- Edit the Event Content. Change the value of the “name” field. Leave the other fields as they are, unless you know what you are doing.
Click send:
